PROXY STATEMENT

Annual Meeting of Shareholders
January 11, 2002

SOLICITATION OF PROXIES

This Proxy Statement is being furnished to the shareholders of Franklin Covey Co., a Utah corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies from holders of outstanding shares of the Company's Common Stock, \$0.05 par value per share (the "Common Stock") and outstanding shares of the Company's Series A Preferred Stock, no par value (the Series A Preferred Stock) for use at the Annual Meeting of Shareholders of the Company to be held on Friday, January 11, 2002, and at any adjournment or postponement thereof (the "Annual Meeting"). This Proxy Statement, the Notice of Annual Meeting of Shareholders and the accompanying form of proxy are first being mailed to shareholders of the Company on or about December 13, 2001.

The Company will bear all costs and expenses relating to the solicitation of proxies, including the costs of preparing, printing and mailing to shareholders this Proxy Statement and accompanying materials. In addition to the solicitation of proxies by use of the mails, the directors, officers and employees of the Company, without receiving additional compensation therefore, may solicit proxies personally or by telephone or telegram. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the shares of Common Stock held by such persons, and the Company will reimburse such brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

VOTING

The Board of Directors has fixed the close of business on November 16, 2001, as the record date for determination of shareholders entitled to notice of and to vote at the Annual Meeting (the "Record Date"). As of the Record Date, there were issued and outstanding 19,881,531 shares of Common Stock and 852,157 shares of Series A Preferred Stock. The holders of record of the shares of Common Stock on the Record Date entitled to be voted at the Annual Meeting are entitled to cast one vote per share on each matter submitted to a vote at the Annual Meeting. The holders of record of Series A Preferred Stock on the Record Date are entitled to cast that number of votes equal to the number of shares of Common Stock each share of Series A Preferred Stock could be converted into, approximately 7.14 votes per share of Series A Preferred Stock or an aggregate of approximately 6,086,836 votes for all of the Series A Preferred Stock. The shares of Common Stock and Series A Preferred Stock vote together as a single class.

Proxies

Shares of Common Stock and Series A Preferred Stock which are entitled to be voted at the Annual Meeting and which are represented by properly executed proxies will be voted in accordance with the instructions indicated on such proxies. If no instructions are indicated, such shares will be voted FOR the election of each of the four director nominees, FOR the ratification of the amendment of the Bylaws of the Company, FOR the ratification of the adoption of the Company's Management Loan Program, FOR the ratification of the appointment of Arthur Andersen LLP as the independent auditor of the Company for the fiscal year ending August 31, 2002, and in the discretion of the proxy holder as to any other matters which may properly come before the Annual Meeting. A shareholder who has executed and returned a proxy may revoke it at any time prior to its exercise at the Annual Meeting by executing and returning a proxy bearing a later date, by filing with the Secretary of the Company, at the address set forth above, a written notice of revocation bearing a later date than the proxy being revoked, or by voting the Common or Series A Preferred Stock covered thereby in person at the Annual Meeting.

Vote Required

A majority of the votes entitled to be cast at the Annual Meeting is required for a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. In the election of the directors, the four nominees receiving the highest number of votes will be elected. Accordingly, abstentions and broker non-votes will not affect the outcome of the election. The ratification of the amended Bylaws, the ratification of the adoption of the Management Loan Program, the ratification of the appointment of Arthur Andersen LLP as independent auditor for the Company, and the approval of other matters which may properly come before the meeting generally requires the affirmative vote of a majority of those shares in attendance at the meeting in person or by proxy. Abstentions and broker non-votes will count as votes against these proposals. Holders of shares of Common Stock are entitled to one vote at the Annual Meeting for each share of Common Stock held of record at the Record Date. Holders of shares of Series A Preferred Stock are entitled to that number of votes equal to the number of shares of Common Stock into which their shares could be converted, approximately 7.14 votes per share.

Employment Agreements

The Company does not have an employment agreement with any of its named executive officers, other than Robert A. Whitman, the President, Chief Executive Officer and Chairman of the Board.

In an effort to develop a compensation agreement that would create a strong link in both pay for performance and shareholder value creation, the Board and Mr. Whitman have directly linked Mr. Whitman's annual performance award and long-term compensation to measures that create value and increase the price of the Company's Common Stock. The annual performance pay is tied to very aggressive growth goals and the long-term compensation is awarded only after most shareholders have benefited from a substantial increase in share price. The Company's outside compensation consultants advised the Board that long-term compensation is typically bench-marked by company size and is usually granted at current market price. However, to emphasize pay for performance, the options granted to Mr. Whitman have an unusually conservative vesting schedule and grant price, consistent with Mr. Whitman's desire that value be created for existing shareholders before he receives long-term compensation rewards. The award provides for no vesting for seven years (and only then if currently employed) of any of the options unless the market price of the Company's stock price reaches certain levels which would increase shareholders value by approximately 300% to 700% over that time period. The grant price of \$14.00 is also well above the current market price. The Board and Mr. Whitman have designed this compensation package with the intent that existing shareholders would benefit prior to Mr. Whitman receiving meaningful compensation.

On September 1, 2000, the Company entered into an employment agreement with Robert A. Whitman, as President and Chief Executive Officer of the Company. In addition, the Company agreed to use its best efforts to continue Mr. Whitman in his position as chairman of the board of directors. The agreement has an initial term expiring August 31, 2007, and provides for an annual base salary, paid retroactively to December 31, 1999, of \$500,000, to be reviewed annually by the Compensation Committee. The base salary may be increased, but not decreased, during the term of the agreement. The Employment Agreement provides for an annual bonus, to be paid based on the attainment of performance objectives determined by the Compensation Committee. The bonus can range from 0% to 150% of the base salary. A substantial portion of Mr. Whitman's annual performance bonus will be based upon the Company meeting EBITDA targets established by the Compensation Committee. The remaining portion of Mr. Whitman's annual bonus will be determined based on reaching other targets established by the Compensation Committee on an annual basis which may include such things as: meeting target dates for development of specific projects, meeting sales goals for individual products or business areas, increasing revenues and/or market penetration associated with products or groups of products, successful development and introduction of new products, attracting and retaining key employees, implementing business strategies, identifying and negotiating business transactions, and other items that may be established by the Compensation Committee from time to time.

Mr. Whitman was also granted an option to acquire 1,602,000 shares of common stock, with an exercise price of \$14.00 per share. This option will not be exercisable until August 31, 2007. However, acceleration of that exercise date for all or a portion of those options may occur if the average closing sales price of the Company's Common Stock achieves certain levels prior to that date based on a schedule determined by the average closing price of the Company's common stock for the preceding 90 consecutive trading days. This schedule ranges from \$20.00 per share at which point half of the options will be exercisable to \$50.00 per share at which point all of the options will be exercisable.

If not exercised, the options expire August 31, 2010. If Mr. Whitman elects to exercise all or a portion of the option, the Company has agreed to lend the exercise price, plus the aggregate amount of federal, state, and local income taxes incurred by Mr. Whitman as a result of such exercise, to Mr. Whitman, to facilitate the exercise. Any such loan will become due and payable at the time the shares of common stock purchased with the loan proceeds are sold or otherwise disposed of by Mr. Whitman or, in the event there is no such sale or disposition, five years after the date the loan was made. The loan will bear interest and be subject to the same terms and conditions as loans to key employees under the Company's Management Stock Purchase Loan program. Mr. Whitman will also be entitled to participate in all Company sponsored employee benefit plans and will be reimbursed for all expenses incurred on behalf of the Company.

In the event that the Company elects to terminate the agreement for any reason other than for "cause" as specified in the agreement, it will owe to Mr. Whitman an amount equal to two and a half times the then current base salary, compensation for his unused vacation days, a pro rata portion of the bonus that would have been earned by Mr. Whitman for the year in which the termination occurred, an amount equal to two and a half times the average annual incentive compensation paid to Mr. Whitman for the three fiscal years immediately preceding the fiscal year in which his employment is terminated, and any payments due to Mr. Whitman under the Company's other employment benefit plans. In addition, Mr. Whitman would be entitled to continued medical, dental, and other health benefits on payment of any amounts typically charged by the Company to similar situated employees. To the extent that any stock options held by Mr. Whitman are currently exercisable as of the date of termination, they will continue to be exercisable for a period of five years following his date of termination or, if sooner, August 31, 2010.

In the event there is a change in control of the Company as defined in the Agreement that is not approved by the current board of directors or successor directors nominated by at least a two-thirds majority of existing directors, and, during the 24 month period following the date of the change in control, Mr. Whitman's employment is terminated for any reason other than cause, or by Mr. Whitman for good reason, as defined in the agreement, the Company will pay all termination amounts set forth above to Mr. Whitman and, in addition, all of the options held by Mr. Whitman will immediately vest and become exercisable. If the change of control has been approved by the incumbent board, 801,000 shares of any non-vested options shall become immediately vested. In the event that it is determined that any of the payments to Mr. Whitman on termination or change in control are subject to an excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, Mr. Whitman shall be entitled to receive an additional payment so that, after payment of all taxes, including the exercise tax, Mr. Whitman would retain an additional amount equal to the exercise tax. During the term of the agreement and for a period of three years thereafter, Mr. Whitman has agreed not to engage in any competitive activity with the Company. In addition, Mr. Whitman agrees not to attempt to solicit or hire key employees of the Company for a period of two years after termination of the agreement.

Compensation Committee Report

The report was prepared by the Compensation Committee of the Board of Directors (the "Committee"), which is composed of independent directors who are not employees of the Company or its subsidiaries. The Committee has responsibility for all compensation matters for the Company's Chairman and the Company's President and Chief Executive Officer (the "Key Executives"). It also has the responsibility of administering the Incentive Plan. The Key Executives determine the amount of cash compensation for executive officers other than the Key Executives. The Committee determines the amount of cash compensation under the Incentive Plan for all executive officers, including the Key Executives. The current members of the Committee are Kay Stepp, who serves as Chairperson, Robert Daines, Dennis Heiner and Brian Krisak. The Committee met four times during fiscal year 2001.

Executive Compensation Philosophy. In 1997 and then revised in 2000, an executive compensation strategy and structure was created with assistance from the Board's consultants, Schuster-Zingheim and Associates. The executive compensation program enables the Company to attract, motivate and retain senior management by providing a competitive total compensation opportunity. Variable performance-based cash incentive awards are an important element of the Company's cash compensation philosophy. The Committee believes the executive compensation program strikes an appropriate balance between short- and long-term performance objectives.

The overall executive compensation objective is pay for performance. The strategy is based on the following principles: (1) compensation is aligned with achieving the Company's strategic business plan and is directly related to performance and value added; (2) compensation promotes shared destiny and teamwork; (3) compensation attracts and retains qualified executives; (4) the greater the amount of direct influence on organizational performance, the greater the portion of pay at risk; (5) stock ownership plans, such as executive stock loan programs or stock option issuance, aligns executive and shareholder interests in building Company value and will be used as an incentive to executives for increasing Company value.

Key Executive Compensation. Key Executive Compensation consists of annual salaries and additional compensation in the form of cash performance-based bonuses, stock ownership plans, stock options and restricted stock awards as the Committee in its discretion awards to the Key Executives. The annual salaries of the Key Executives are set at amounts that are deemed competitive for executives with comparable ability and experience, taking into account existing salaries with respect to executives in companies comparable in size and complexity to the Company. Performance-based bonuses were awarded to the Key Executives in fiscal year 2001 reflecting the Company's overall performance.

Chairman, President and Chief Executive Officer's Compensation. Mr. Whitman's compensation for fiscal year 2001 was determined pursuant to the principles described above and the employment agreement put in place at the beginning of the fiscal year. In June 2001, Mr. Whitman asked the Committee to discontinue paying his salary and to not pay the annual performance bonus for 2001. Mr. Whitman does not expect to receive any compensation during fiscal year 2002.

Executive Stock Ownership Program. The Company believes it is essential for all executive officers to have a vested interest in the Company, thereby aligning the long-term interest of executives with those of stockholders. Each executive officer is strongly encouraged to accumulate and maintain ownership in the Company equal to 25% of their annual income, including performance-based bonuses. In this connection, the Company has facilitated personal loans to the executives through lending institutions to buy the stock on the open market. During fiscal year 2001, the Company bought those loans from the lending institutions and include them in its financial statements.

Incentive Stock Option Program. The Company believes it is essential for all executive officers to receive Incentive Stock Options ("ISOs") under the Incentive Plan, thereby aligning the long-term interests of executives with those of stockholders. The Company adopted the Incentive Plan in 1992, charging the Committee with responsibility for its administration. These ISOs generally vest over a four-year period and expire ten years from the date of grant. If an executive officer's employment terminates prior to applicable vesting dates, the officer generally forfeits all ISOs that have not yet vested. The Committee believes that the grant of these ISOs to executive officers is highly desirable because it motivates these officers to continue their employment with the Company and creates strong incentives to maximize the growth and profitability of the Company.

As of August 31, 2001, executive officers held incentive stock options to purchase an aggregate of 1,951,300 shares of Common Stock granted under the direction of the Committee pursuant to the Incentive Plan since its inception in 1992 and the Non-Qualified Executive Stock Option Plan of 2000. Of those options, 115,400 are currently exercisable.

Other Compensation Plans. The Company has a number of other broad-based employee benefit plans in which executive officers participate on the same terms as other employees meeting the eligibility requirements, subject to any legal limitations on amounts that may be contributed to or benefits payable under the plans. These include (i) the Company's cafeteria plan administered pursuant to Section 125 of the Internal Revenue Code of 1986, as amended (the "Code"); (ii) the Company's 401(k) Plan, pursuant to which the Company makes matching contributions; and (iii) the Company's Employee Stock Purchase Plan implemented and administered pursuant to Section 423 of the Code.

Respectfully submitted,

E. Kay Stepp
Robert H. Daines
Dennis G. Heiner
Brian A. Krisak

PRINCIPAL HOLDERS OF VOTING SECURITIES

The following table sets forth information as of November 1, 2001, with respect to the beneficial ownership of shares of Common Stock and Series A Preferred Stock by each person known by the Company to be the beneficial owner of more than 5% of Common Stock or Series A Preferred Stock, by each director, by each executive officer named in the Summary Compensation Table and by all directors and officers as a group. Unless noted otherwise, each person named has sole voting and investment power with respect to the shares indicated. The percentages set forth below have been computed without taking into account treasury shares held by the Company and are based on 19,881,533 shares of Common Stock and 852,157 shares of the Series A Preferred Stock outstanding as of November 1, 2000. In cases where shareholders own both Common Stock and Series A Preferred Stock, the number of shares shown assumes the conversion of the Series A Preferred Stock into the Common Stock and the issued and outstanding Common Stock is increased by an equal amount for that shareholder. The shares of Series A Preferred Stock are shown on an "as converted basis" with approximately 7.14 shares of Common Stock issuable on conversion of each share of Series A Preferred Stock.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's directors and executive officers, and persons who own more than 10% of the Common Stock, to file with the Securities and Exchange Commission (the "Commission") initial reports of ownership and reports of changes in ownership of the Common Stock and other securities which are derivative of the Common Stock. Executive officers, directors and holders of more than 10% of the Common Stock are required by Commission regulations to furnish the Company with copies of all such reports they file. Based upon a review of the copies of such forms received by the Company and information furnished by the persons named below, the Company believes that all reports were filed on a timely basis.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In connection with the merger between the Company and Covey Leadership Center, Stephen R. Covey, who is vice-chairman of the Board of Directors, entered into a Speaker Services Agreement with the Company pursuant to which Dr. Covey receives 20% of the proceeds from personal speaking engagements, which resulted in a payment of \$3.5 million to Dr. Covey for the fiscal year ended August 31, 2001. Also in connection with this transaction, the Company entered in a 12-year lease agreement expiring in 2009 on two office buildings located in Provo, Utah where the operations of Covey formerly conducted by Covey continued to be located. The buildings are leased from entities in which Stephen R. Covey and Stephen M. R. Covey, executive officers and/or directors of the Company have a 35% and 11% interest, respectively. Lease rentals paid in fiscal 2001 were \$2,127,813. The Company believes the terms of the leases, including the lease rentals, are at least as favorable as could be obtained from unrelated third parties.

Robert A. Whitman, the Company's Chairman and Chief Executive Officer, and Messrs. Donald J. McNamara and Brian A. Krisak, directors of the Company, are principals of the Hampstead Group, L.L.C., a Texas limited liability company, the private investment firm that sponsors Knowledge Capital Investment Company, the holder of 95% of the Company's outstanding Series A Preferred Stock, and of Hampstead Interests, LP, a Texas limited partnership. On June 2, 1999, the Company and Hampstead Interests, LP entered into a Monitoring Agreement which provides for payment of a monitoring fee of \$100,000 per quarter to Hampstead Interests, LP for assisting the Company in strategic planning, including acquisitions, divestitures, new development and financing matters. The agreement continues so long as Knowledge Capital Investment Group owns more than 50% of the 750,000 shares of Series A Preferred Stock (or Common Stock equivalents) originally purchased. The Company paid \$400,000 to Hampstead Interests, LP during the fiscal year ended August 31, 2001, pursuant to the Monitoring Agreement.

Premier Agendas ("Premier"), a subsidiary of the Company, had trade accounts payable to various companies which are partially owned by certain former owners of Premier totaling \$0.5 million and \$2.1 million at August 31, 2001 and 2000, respectively. In addition, Premier had notes payable to key employees and former key employees totaling \$1.5 million and \$1.4 million as of August 31, 2001 and 2000, respectively (see Note 6 to Financial Statements). The notes payable were used for working capital, are due upon demand, and have interest rates which approximate prevailing market rates.

Each transaction described above was entered into pursuant to arm's length negotiations with the party involved and were approved by disinterested majorities of the board of directors or the Compensation Committee of the Board.

RATIFICATION OF MANAGEMENT LOAN PROGRAM

During our 2000 fiscal year, we adopted our Management Stock Purchase Loan Program to assist key management personnel in purchasing shares of our common stock. The Company facilitated loans from a third-party lender to management employees participating in the Management Loan Program for the purpose of buying common stock on the open market or from shares previously acquired by the Company by providing a guarantee of such loans to the lender. The notes are full recourse to the individual participants borrowing the funds to purchase shares. The loan program closed during fiscal 2001 with approximately 140 participants purchasing approximately 3,825,000 shares for a total cost of \$33.6 million.

As part of our refinancing of our major lines of credit in July 2001, we acquired all of the management loans from the third-party lender. Under the terms of the new credit agreement, we are now the lender on these full-recourse loans from the participants in the loan program. At the end of our most recent fiscal year, August 31, 2001, the participant loans exceeded the value of the common stock held by the participants by \$18.9 million. We established a non-cash loan loss reserve provision of \$1.1 million in connection with these loans, which was included in our operating costs for the fourth quarter.

The participant loans bear interest at 9.4% and the principal and all accrued interest are due and payable in March 2005. The loans can be accelerated by the Company in the event that the participant is no longer an employee. The loans may be prepaid at any time, subject to a prepayment penalty based on interest rates and the unexpired term of the original loan.

The management loan program was initiated to provide an opportunity for management employees to invest in the common stock of the Company, thereby aligning their interests with those of the stockholders. Under the terms of certain provisions of our bylaws, we are prohibited from lending money or using our credit to assist officers, directors, or control persons unless such loan or assistance benefits us. We believe that providing management with an opportunity to invest in our common stock and thus providing them with a personal stake in increasing stockholder value is of direct benefit to the Company. We are seeking ratification of the management loan program to seek stockholder confirmation of this program.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE IN FAVOR OF THE PROPOSAL TO RATIFY THE COMPANY'S MANAGEMENT STOCK PURCHASE LOAN PROGRAM

RATIFICATION OF AMENDED AND RESTATED BYLAWS

The Board of Directors has approved the adoption of amended and restated bylaws for the Company. Our previous bylaws were adopted in 1992 and do not reflect changes that have occurred in laws and policy concerning corporate governance since that time. The adoption of the new bylaws will make them consistent with the corporate code of the state of Utah where we are incorporated.

The following summary discusses the material difference between our existing bylaws and the provisions of the new amended and restated bylaws. However, it is only a summary and you should review the provisions of the new amended and restated bylaws attached to this Proxy Statement to be more familiar with all of the provisions.

The amended and restated bylaws have several changes to reflect changes in the Company and its practices, including:

- The change in our name to Franklin Covey Co.
- The elimination of fixed quarterly board meetings, which are now set by the board.
- The change of the default date for regular annual meetings of shareholders from the second Monday of each January to the second Friday.
- A change to expressly permit proxies to be delivered by facsimile or electronic transmission.
- Elimination of any distinction between treasury shares and other shares issued by the Company.
- The elimination of a corporate seal, which is not typically used in modern transactions, and the clarification of the powers of the Board in establishing committees and others to act on its behalf.

The amended and restated bylaws also update the provisions that deal with the fixing of a record date for shareholder meetings and the availability of a shareholder list during the ten days preceding the shareholders' meeting in order to make these provisions consistent with governing Utah law.

Article VI of the bylaws, which deals with the indemnification of our directors and officers, was simplified to provide that we will indemnify these individuals to the full extent permitted by applicable law. Article II, Section 9, is also amended to change the vote necessary to approve a proposal presented at a shareholders' meeting at which a quorum is present from the affirmative vote of a majority of the shares present to more votes cast in favor of the proposal than cast against the proposal. This eliminates abstentions, where shareholders simply elect not to vote on a particular proposal or where the record holder has not received authority from the beneficial holder to vote on that proposal, from having the same effect as a vote against the proposal. Under the new provision, proposals will be passed if more shareholders vote for the proposal than vote against it.

Article VII, Section 4, of the old bylaws which provided for limitations on loans by the Company to officers, directors, and control persons, except in circumstances in which it was beneficial to the Company, has been eliminated to avoid questions concerning the circumstances under which it is beneficial. Under the new amended and restated bylaws, the Board of Directors will be responsible for determining whether or not it is appropriate to extend credit to officers, directors, and control persons. The new bylaws also eliminate the obligation of the Company to report director compensation to the shareholders, which is governed by the United States securities laws. They also clarify that a quorum for directors meetings consists of a majority of the directors then in office rather than a majority of the number of directors previously fixed as the size of the board, to avoid difficulties in obtaining a quorum if there are a number of vacancies on the Board.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE IN FAVOR OF THE PROPOSAL TO RATIFY THE COMPANY'S AMENDED AND RESTATED BYLAWS.

SELECTION OF AUDITOR

The Audit Committee of the Board of Directors has recommended, and the Board of Directors has selected, the firm of Arthur Andersen LLP, independent certified public accountants, to audit the financial statements of the Company for the fiscal year ending August 31, 2002, subject to ratification by the shareholders of the Company. The Board of Directors anticipates that one or more representatives of Arthur Andersen will be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Audit Fees

The Company paid an aggregate amount of approximately \$230,000 in fees and expenses to Arthur Andersen for professional services rendered in connection with its audit of the Company's consolidated financial statements and reviews of the consolidated financial statements included in the Company's quarterly reports on Form 10-Q for the 2001 fiscal year.

Audit Related Fees

The Company paid Arthur Andersen an aggregate of approximately \$145,000 in fees and expenses for audit related professional services. In general, these services include employee benefit plans audits, permitted assistance with internal audit activities and accounting assistance on proposed transactions and standards.

Financial Information Systems Design and Implementation Fees

The Company paid no fees or expenses to Arthur Andersen with respect to financial information systems design and implementation.

All Other Fees

The Company paid Arthur Andersen \$963,000 in fees and expenses for other services during fiscal year 2001. "Other services" primarily included income tax planning, consulting and compliance services and consulting projects related to the Company's retail operations.

The Audit Committee has reviewed the amounts paid to Arthur Andersen for audit and audit related services and all non-audit services and has determined that the fees paid non-audit services provided to the Company by Arthur Andersen are compatible with maintaining Arthur Andersen's independence as the auditors of the Company's financial statements.

Audit Committee Report

In accordance with its written charter adopted by the Board of Directors, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of the Company.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements.

The Committee reviewed the audited financial statements of the Company as of and for the fiscal year ended August 31, 2001, with management and the independent auditors.

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended August 31, 2001, for filing with the Securities and Exchange Commission. The Committee also recommended the reappointment, subject to shareholder approval, of the independent auditors and the Board concurred in such recommendation.
