## **Explanation of Responses:**

- 1. The shares were acquired on a partial net exercise of a warrant. The right to purchase 1,000,000 common shares was surrendered in exchange for 388,893 common shares.
- 2. The warrant may be exercised by net exercise basis in which the right to purchase a number of shares of common stock is surrendered in exchange for a smaller number of shares having a market value equal to the spread between the market value and the exercise price of the shares that could be acquired by paying the cash exercise price.
- 3. The warrants were issued in a reclassification in which each share of Series A Preferred Stock of the Issuer was reclassified into four shares of Series A Preferred Stock (nonconvertible) of the Issuer and a warrant to purchase shares of common stock of the issuer. The Issuer redeemed all of its outstanding Series A Preferred Stock in 2007.
